Press Release

ShareSoc Appoints Mark Bentley as a Director

The UK Individual Shareholder Society (ShareSoc) is pleased to announce the appointment of Mark Bentley as a Director of the Society. Mark has extensive experience of stock market investment and will be initially assisting the board of ShareSoc on a project to improve the available information about AIM companies, their Nomads and Directors and the general legal and regulatory environment for listed companies.

A brief biography of Mr Bentley is as follows:

Mark Bentley, M.A. has been a full-time stock market investor since 2004, having pursued investment as a rewarding hobby for 20 years previously. Most of Mark's career was spent in the I.T. industry, beginning with Logica in 1980, where he worked on the Giotto Halley's comet intercept mission for the European Space Agency, amongst other projects. In 1987, Mark started his own IT services business, Anvil Technology Ltd, which he ran successfully for 14 years. He is an active investor, attending many company meetings each year and publishes his findings on a number of investment orientated websites.
