

ShareSoc Woodford Campaign

NEWSLETTER – January 2021

For the benefit of all members, we aim to publish this monthly.

1. ShareSoc launched its Woodford Campaign on 19 November 2020.
2. The ShareSoc Campaign page explains our objectives and why we endorsed the Leigh Day Claim, so those who lost money in WEIF can seek redress, to hold to account those who did wrong and to change the regulations. See <https://www.sharesoc.org/campaigns/woodford-campaign/>
3. ShareSoc's webinar on 17 December 2020 gave more information about the [Leigh Day Claim](#) and our Campaign.
4. A Claimants Committee has now been formed. This is a crucial part of the governance of the claim.
5. Leigh Day have now signed their funding and insurance agreements.
6. Up to now the Campaign has had a soft launch. We now expect that a much more high profile Campaign will commence, in conjunction with Leigh Day, who wish to maximise the number of claimants in their claim.
7. If you know other investors who have lost money in WEIF, please can you bring the [Leigh Day Claim](#) to their attention.
8. ShareSoc's next Woodford webinar, in conjunction with Mello, is on 9th March, with 6pm start. The programme is being finalised and you will be emailed details. Please diary date.
9. So far about 10% of those signed up to the Leigh Day claim have also signed up to the ShareSoc Woodford Campaign. We aim to increase this proportion.
10. The ShareSoc Woodford Forums have been launched. The Forums provide the opportunity to put your point of view, ask questions, learn more and participate in a network of interested investors. See <https://www.sharesoc.org/forums/forum/sharesoc-woodford-campaign-forum/>
