2. ShareSoc and Mello Events, in partnership, present a new free event, **[Woodford Debacle – Reflections, Redress and Reform](#) from 6 to 8.30pm on 9th March**: reviewing in detail what went wrong with Woodford, the various claims for redress, what steps investors should take, including how to claim. Potentially claimants can recover up to 70% of losses, depending on which claim they join.
3. We urge everyone to tell their Friends and Family about the Campaign, Leigh Day Claim and the webinar. Around 500,000 may be eligible to claim, but so far only 2% have done so. Please **spread** the word!
4. Leigh Day, with their marketing campaign #Woodfordpayback to attract new claimants, now has over 7,000 registered. You may have seen [the broken piggy bank](#) in their adverts.
5. The ShareSoc Woodford Campaign now has over 600 members and is growing rapidly.
6. The ShareSoc Woodford Forums provide the opportunity to put your point of view, ask questions, learn more and participate in a network of interested investors. See <https://www.sharesoc.org/forums/forum/sharesoc-woodford-campaign-forum/>
